

Henschel Andromat Inc.

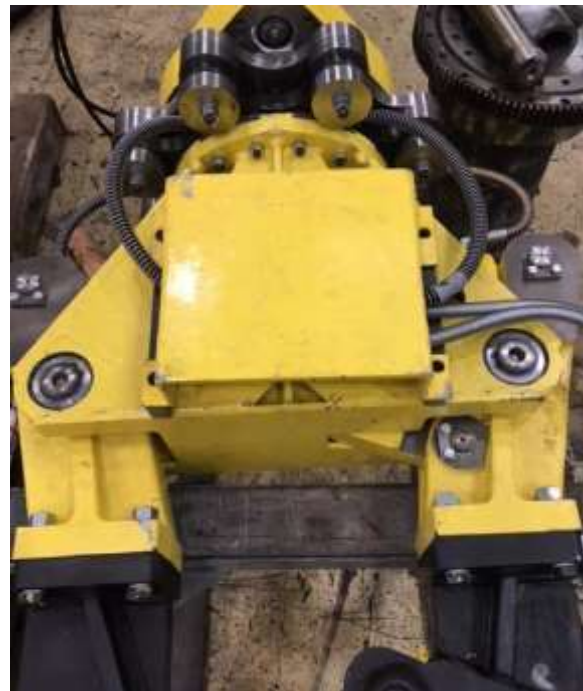

We are pleased to announce OUR latest innovation...

The ANDROMAT GRIPPER-WEDGE End-effector

Innovation keeping us the largest manufacturer of heavy-duty industrial manipulators in the world – Quality, Durability, Innovation, Affordability – Over 700 Unit Worldwide!

Come to the 'A-Team, your solution provider partner...
You Deserve the Best... You Deserve an **ANDROMAT!**

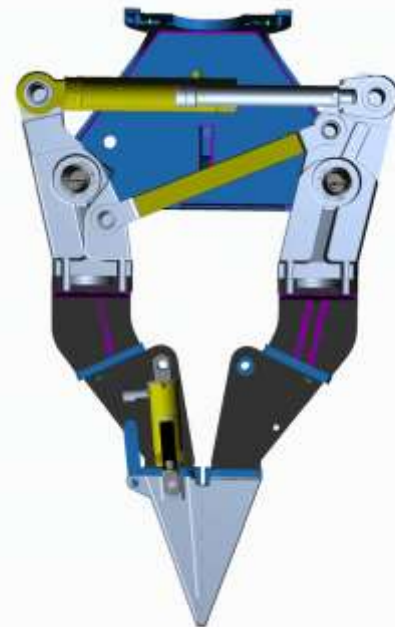

Gripper-Wedge Booster; w/protection cover. This hydraulic booster develops up to 450 Bar / 180,000N or 18 Tons of breaking force.

Easy to Install and retrofit existing Andromat Manipulators

Henschel Andromat Inc.

The fingers operate as standard gripper fingers with the wedge built into the one finger. This offers full functionality as both gripper and a wedge.

The unit runs off the standard Manipulator HPU @ 160 bar; the fingers operate with OUR standard pilot grip; with the finger **wedge** being operated via foot pedal.
